### Plan To Remove Foreign Troops Given Setback

Gen. Franco's Action Is Disappointment To Leaders Of Great Britain

MONTHS OF DELAY ARE NOW FORESEEN

Franco Objects To Many Sections Of Non-Intervention Committees Plan

By KINGSBURY SMITH  
International News Service Staff Correspondent

LONDON, Aug. 22.—The thorny question of withdrawal of foreign fighters from Spain's civil war today headed back toward the boiling cauldron of international debate as a result of Generalissimo Francisco Franco's note, rejecting large sections of the non-intervention committee's plan for removing the alien troops.

British officials received Franco's reply with intense disappointment. They foresee many difficulties before any alternative solution can be found—and months of dangerous delay.

May Seek Mussolini's Aid  
As a last resort before taking up the entire question anew, it was stated, the British government may bring pressure upon Premier Mussolini to use his influence upon

### PA NEW OBSERVES

Speaking of antiques, Calvin Boyd of McCaslin has some heirlooms that are in a class by themselves. One is a cradle said to be 300 years old. It is unique in construction, there being a place for the baby and a seat for the mother at one end, where she can sit and rock herself as she rocks the baby. It has been handed down through many generations of the McCaslin-Boyd families, coming originally from Ireland. Another relic is a corner cupboard made of cherry, 200 years old. Home baking days are recalled by a "doughtry," a contraption standing on four legs in which dough was mixed. It is over 100 years old. Mr. Boyd has several other pieces of antique furniture as well as a rare collection of old coins.

Many motorists who drive along route 422 between New Castle and New Bedford, comment on the eight square brick house now the property of Frank Phillips. Their curiosity would be further aroused if they knew the interesting history of this house. It was built by W. W. Walker, some 75 years ago, and during the Civil war served as an "underground railroad station" for slaves escaping from the south to Canada. There was a secret cellar, reached by a tunnel in which the escaping Negroes, aided by north-landers, were housed at night. There was a series of these underground railroad stations all the way from the slave states to Canada. The refugees were assisted in finding them by friendly northerners opposed to slavery, and hundreds of them were secreted in this eight square house in Piasid township.

New Castles who have been at Chautauqua this year say that this educational summer resort is having a big season. It appears to be recovering from the recent slump.

### To Bring National Greetings

Twenty-five years ago, in Toledo, O., a devoted father persuaded his energetic son to accept an office in Toledo Lodge 53 of the Benevolent and Protective Order of Elks—and this week that son, Dr. Edward James McCormick, distinguished citizen of Ohio, comes to the state Elks convention here to receive the plaudits as grand exalted ruler of that great fraternal order.

A quarter of a century ago the father, then an enthusiastic member of Toledo lodge, succeeded in convincing the son he should take the office. And that acceptance started a brilliant lodge career. Today Elksdom is indebted to that father, who died a year ago, and to the mother.

The grand exalted ruler will bring national greetings to the state through at Tuesday morning's opening session in the Elks lodge room.

He will remain in the city for much of the program, it is believed.

### Cabinet Crisis Solved In France

(International News Service)  
PARIS, Aug. 22.—A cabinet crisis in France was solved at least temporarily today when Premier Edouard Daladier promptly filled the places of two ministers opposing his claim the 40-hour week is responsible for the country's monetary difficulties.

Anatole De Monzie was appointed minister of public works and Chas. Fomaret named minister of labor, succeeding Louis Frossard and Paul Ramadier, who were unable to reconcile their opinions with those voiced by Daladier in a radio broadcast.

### Fair Ground Teems With Activity Today; Fair Opens Tuesday

Crossing our fingers carefully, and reserving the right to change our opinion without notice, it does begin to look as though the New Castle Fair which opens Tuesday, August 23, will have the weatherman on its side. In addition to the weatherman the Elks are here, the Firemen will be here Thursday and the number of exhibits already at the fairgrounds exceeds anything they have had since long ago.

The finishing touches are going on today. Several cattle pens which the fair officials thought would not be used have been called into play and roofers are hurriedly roofing them. The other pens and barns were given new roofing several weeks ago.

### Local Trucker Is Found Dead

Lifeless Body Of John E. Rush Is Found In Cab Of Truck Early Sunday

HOSE ATTACHED TO EXHAUST PIPE

John Edward Rush, aged 34 years, of 430 Martin street, was found dead in the cab of his truck at the Turk Auto Laundry, rear of 412 Croton avenue, about 7 o'clock, Sunday morning, by Anthony Donnell, who is employed by Dr. Robert Byers, veterinarian. Death was due to carbon monoxide poisoning, according to Coroner Charles Piper Byers, who pronounced Rush's death as suicide.

Donnell's attention was drawn to the plight of Rush when he heard the motor of the truck running for a long period of time, and he immediately notified Frank Turk, who was asleep in a room at his place of business. Turk in turn summoned police who notified the coroner.

Hose Connection Found  
Rush had taken the hose from a vacuum sweeper used by Mr. Turk to clean automobiles, and had attached it to the end of the exhaust pipe and brought it up into the cab of the truck the coroner reports. It is believed that he had driven into the laundry between 9:30 and 6 a. m. Donnell first heard the sound of the motor running.

By GEORGE DURNO  
International News Service Staff Correspondent

HYDE PARK, N. Y., Aug. 22.—In the seclusion of the Hudson river summer house it appeared today that President Roosevelt's determined effort to eliminate anti-New Dealers from congress this fall was gathering highly definite momentum.

One Democrat marked for slaughter and one that administration strategists hope may be saved already have come in for marked consideration since the president arrived at Hyde Park last week. There were indications that during the coming seven days more conferences would be held in the Roosevelt study aimed at promoting the "purge" or "save" idea.

Most recent caller at the summer white house was Senator James P. Pope, of Idaho, who lost out in the recent primary to Rep. D. Wirth Clark—a man who campaigned on the issue he would not "yes" the White House—by some 3,000 votes.

May Run Independently  
New Dealers have been urging Pope to run as an independent on the premise he was defeated by the excursion of 20,000 Republicans into the Idaho Democratic primary. The senator left Hyde Park without

### President And Advisers Are Election Issue

Tydings-Lewis Battle In Maryland Revolves Around Roosevelt Support

(International News Service)

BALTIMORE, Aug. 22.—President Roosevelt and his advisers were made the vital issue today in the sensational campaign of Senator Millard E. Tydings and Rep. David Lewis, Democrats.

Personally marked by the chief executive in his purge of the senate Tydings declared in a radio broadcast last night that the president is seeking absolute authority in government and is trying to deprive Marylanders of their right to choose their own representatives.

A few hours after the senator finished his speech Lewis, the former coadjutor of Cumberland who answered his candidacy for Tydings' seat after a white house conference, went on the air. Answering Tydings' claim that he needed outside help in his campaign, help of the national administration, Lewis charged that the senator's campaign was also being aided by sources outside of Maryland.

your hands, or pick out your future with mirrors are getting set up, the knock 'em down attractions are getting set up, the fragrant aroma of the succulent hot dog and onion wart their olfactory teasing smells on the air and of course the many stands where ice cream, cotton candy and the like are sold.

For those of us who take our fairs in baby forming quantities this year's New Castle Fair seems to have what it takes. Today the symphony of hammer and nails is heard over the grounds, out on the race track the bangs are getting workouts and in the infield of the race track the circus is preparing for its two-a-day program.

Promptly at noon Tuesday the barriers go up and the fair officially opens on Tuesday, Wednesday, Thursday and Friday with night shows Wednesday, Thursday and Friday. The night show this year will be a circus that has played many state fairs and the quality of the performance is said to be high.

Wednesday and Thursday night the pulling contest will be on with matched teams competing against each other for the honor of pulling the heaviest load.

The race program starts Wednesday afternoon and continues through Friday. This year the starting judge will be located about 25 yards away from the stand that has been used in the past. The old stand will contain the timers, newspaper men, and officials. The new arrangement is thought to be better for prompt starting and will eliminate a lot of scoring.

Wednesday is Elks Day in honor of the state convention of the B. P. O. E. which is under way in New Castle just now. Friday will be Firemen's Day in honor of the convention of the Northern Pennsylvania Firemen's Association which opens here Thursday.

Our fingers are still crossed about the weather. It looks good and then it doesn't. But by Tuesday noon it is hoped the weatherman will get his passes and if the gentlemen go haywire then, steps will be taken.

Severed Below Knee  
"I thought he had little chance for recovery, but I decided to amputate that leg and get him to a hospital as soon as I could."

"I gave the patient three injections of morphine. The shock was so great I don't believe the poor man felt any pain."

"I had room enough to work in. I amputated the right leg just below the knee. The bones were so smashed that it took only a bit of sawing and knocking and manipulation to get it off."

"Then the police, with block and tackle, hoisted the 'body out.'"

which left it with a big deficit. Those who go for week-ends find it hard to get accommodations, and as a result prices are high. Chautauqua, however, is becoming more modern. For years the gates were closed on Sunday, but today traffic flows in and out in a lively manner.

Sunday papers are sold on the grounds, but smoking still seems to be in disfavor, and the men and women who indulge can be found hiding behind trees or sitting under big sun umbrellas.

The old habit of theft seems to be coming back, so far as individuals are concerned, even if the government does not seem to know the meaning of the word. According to the United States Building & Loan league, people have put over 10 per cent more into savings accounts during the past three months than they did in a similar period during the previous year.

The report was made up from reports from 616 associations. Inquiry at offices of local building and loan associations indicates there has been a decided increase in savings accounts this year.

Livestock thieves have been operating recently in some of our neighboring counties. The latest victim is Joseph Jimro of near West Middlesex, who had an eight months old jersey heifer stolen from a pasture field. A few days previous a heifer was stolen from John Sevich in the same vicinity, and about a week ago a horse was stolen from the farm of Charles McCullough. So far the authorities have made no arrests. It is believed that the cattle were butchered.

In Lawrence county there are hundreds of good men and true who would be glad and willing to work if they could only find a job. Then there are some who do not want to find a job as long as they can sponge off someone else. Again there are others who want an "easy" job and pig pay. Of course, it takes all these different kinds of people to make a world. But it is the man who is eager and willing to

work who always commands our respect, and it is the duty of all good citizens to try to help such a man.

Pa. News stopped at a farm house the other day and found the housewife canning chickens. She had nine of them in jars and three more in the pot. We asked her why she did not keep the chickens and kill them when the preacher came. "A chicken in a glass jar don't eat anything," was the significant reply.

Father accidents are likely on the streets of this city, unless there is a better observance of the stop signs. Pa. News is informed that there are a lot of motorists who are not observing the stop signs at Albert street.

At the George Washington Junior high school, a new surface has been applied to the driveway from Euclid avenue to the building. It makes a nice improvement.

While driving along the road, last evening, that leads from Edenburg past the Powder plant, we saw three good sized English hen pheasants

crossing the road into the tall grass and brush. They did not seem to get much excited at our presence.

A group of boys took advantage of the stage erected for band concerts near the Elks home, last night, by staging a number of impromptu boxing matches. A couple of pairs of boxing gloves had been secured, and several brief bouts were conducted.

FAITH

### THE PRICE OF LEADERSHIP

The higher men climb, the longer their working day, and any young man with a streak of idleness in him better make up his mind at the beginning that he will never reach a high place in life. Without immense sustained effort he will not climb high, even though fortune and chance were to lift him high, he would not stay there, for to keep at the top is almost harder than to get there. There are no office hours for leadership.

We know from experience.

## Harris Asks City To Join Welcome To Visiting Elks

Urges Warm Hand Of Fellowship Be Extended To Delegates

Probably the happiest man in New Castle today is Harry G. Harris, exalted ruler of New Castle Lodge, B. P. O. E.

Harris holds the distinction of being only exalted ruler of New Castle lodge, in its more than half a century of history, to act as official host to a state association convention.

While Harris is appreciative of the honor, he is also cognizant of the responsibility, and today he

HARRY G. HARRIS

called upon every citizen of New Castle to aid him in welcoming delegates and their families from the 119 lodges of the Pennsylvania State Association.

Exalted Ruler Harris and his fellow officers, together with the various communities, have left nothing undone to give the visiting "Brother Bills" a warm reception, but the success of their efforts depends largely upon the measure of welcome extended by the city in general.

**Asks Cooperation**  
In asking cooperation of other fraternal, civic, patriotic, veteran and religious organizations, as well as the public in general, Harris said:

"New Castle has been signally honored by the State Association of Elks in selecting our lodge as the convention center for 1938.

"The more than 500 members of New Castle lodge sincerely appreciate the fine cooperation extended us by the merchants, city officials. The New Castle News and all others who have aided in making the convention a success.

"New Castle has long been known for its hospitality and we feel sure this reputation will gain impetus during the visit of the more than 10,000 Elks which we are expecting to visit us this week."

## Busy Secretary

JACOB COSEL

The convention job for Cosel, secretary of the New Castle lodge, got its start back months ago. Since New Castle was voted this year's meeting city, the secretary's part in the planning has been on the increase. This week the rush continues, but Cosel, now 80 years of age and one of the most active secretaries in the state, is plugging in with the other officers to provide a memorable time for the delegates.

## Love Of Country, Charity For All, Creed Of Elkdom

Benevolent Order Founded  
71 Years Ago As "Jolly  
Corks" In New York

500,000 MEMBERS  
IN 1,600 U. S. CITIES

Charity, Justice, Brotherly Love and Fidelity.  
These four principles upon which the Benevolent and Protective Order of Elks is founded, were inculcated into the lives of a small group of actors who founded the order in New York City 71 years ago.

Known originally as "The Jolly Order of Corks" the actors organized in a small theatrical boarding house with Charles A. Vivian as the moving spirit.

They banded themselves together for mutual pleasure and to help one another. They met each Sunday afternoon in the living room of the boarding house.

That was the start of the Elks.

Today there are more than a half million members in 1,600 cities in America.

The order is primarily American—its symbol is the American flag. The fleet-footed Elk was chosen as its insignia to remind the members that they must be quick to aid a brother in distress or to aid his country in preserving its institutions.

It is the one fraternal organization which makes a Flag Day ceremony mandatory. Its first gift to a new member is a silk flag, the size of a handkerchief, to remind him of his duty to his country.

The Elks also must hold a Mother's Day ceremony each year and in hundreds of cities the general public is invited.

The clock with the hands pointed to 11 which sets in the annals of the Elk on the badge, is to remind all Elks that with them the hour of 11 has a tender significance. It is a time when all Elks bring to mind the virtues of their departed brothers.

"The faults of our brothers we write upon the sands—their virtues upon the tablets of love and memory," is the creed of Elkdom.

To be an Elk one must be an American citizen. He must love his country and cherish the opportunities it offers. It is an organization of those who love their fellow-

## Boy Scouts Will Do 'Good Turn' For Elks

Members of New Castle Boy Scout troops will act as messengers and pages during the Elks' convention this week.

Several scouts will be detailed at the Elks' club and others will assist Dr. W. Fulton Jackson, grand marshal of the parade. The scouts will also serve as orderlies for several of the distinguished guests of the local lodge.

All other visiting Elks and their wives, as well as members of New Castle lodge and their wives, will register at the registration desk in the Elks' Home.

## Buell Fought Hard To Get Convention For His Home City

Elks' Chairman Extended  
Invitation To "Bills"  
For Last 8 Years

Officers and members of New Castle Lodge of Elks point to Clark H. Buell as the man who brought the 1938 State Association convention to New Castle.

And Buell himself is willing to admit he at least had a part in it.

For Buell, a past exalted ruler of New Castle lodge, has been trying to bring a state convention to New

CLARK H. BUELL

Castle for the last eight years. At Lancaster last year his efforts were crowned with success.

But in bringing the convention here Buell "cut himself in" for a lot of work. For the last six months he has been busy day and night outlining plans for the reunion and as general chairman of the big event, he feels that the work has really just begun.

Buell has been attending state conventions of Elks for so long it has become a habit. He has been extending invitations to the brothers to come to New Castle, largely at his own expense, since 1930.

In Williamsport in 1936, however, he nailed the convention down to a promise. Last year at Lancaster he held the body to that promise. A delegate from Uniontown held the floor for 45 minutes extolling the reasons why the convention should go to his city this year. It took Buell 45 seconds to present his plea and he got the convention.

Buell has been an Elk since 1917. He was exalted ruler in 1930 and has served as state vice president representing the northwest district.

He was one of the original five founders of the Students' Aid Fund and takes great pride in the fact that his early efforts have bore fruit and today scores of young men in prominent positions in the northwest district owe their education to loans extended by the Students' Aid Fund to be paid back when the recipient feels financially able to do so.

Despite the many hours he has put in to round out the convention program, Buell modestly points to the officers of the lodge and the able committee members as those who are deserving of credit.

"I have so many assistants that I don't get a chance to do much myself," is the way Buell puts it.

Convention Because Of  
History Of Achievement

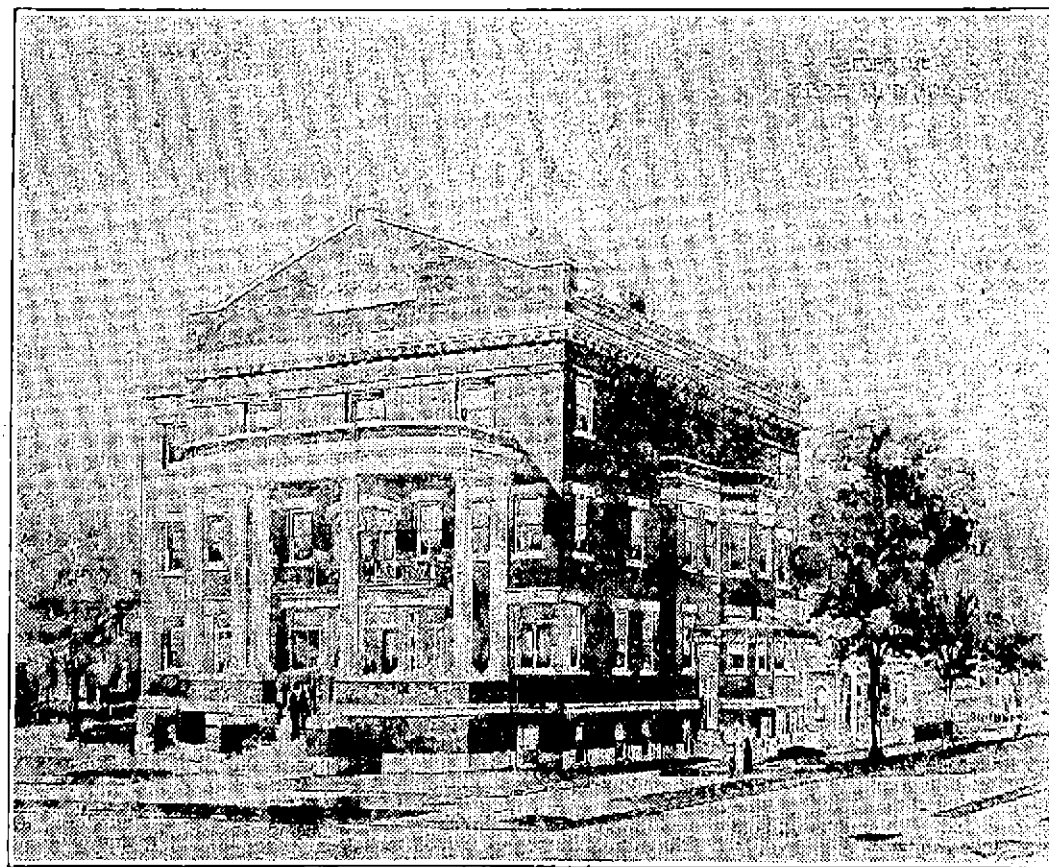

Selection of New Castle as the convention city for the 1938 reunion of the Pennsylvania State Association of Elks is regarded as merited recognition by leaders of the antlered lodgemen in the state.

For New Castle Lodge 69 has always been regarded as one of the most active in Pennsylvania and its clubhouse and entertainment facilities are recognized as second to none among the 119 lodges in the association.

New Castle lodge was instituted in 1887 and was one of the first 100 lodges formed in the country. It is the oldest lodge in the northwest district.

Chartered 1887  
The local lodge received its charter on December 12, 1887, with William

## Elks Home Is Headquarters

## Mayor Extends Hearty Welcome

Invites Brother Bills To Be

E. will be official host, the citizens of New Castle will have the opportunity of co-operating in this event by extending every courtesy to the visitors. Shoaf said:

"Throngs will stream into New Castle for the Pennsylvania State Elks' Association convention this week, and we want the visitors to know they're more than welcome at the fair. We want them to see it."

"Wednesday has been officially designated as 'Elks Day' and we anticipate a large crowd of the fraternal organization that day."

The fair opens Tuesday and continues until Friday night. Night programs are planned for Wednesday, Thursday and Friday evenings.

Elks' state and national conventions are noted for pulling the convention city "out of the red." This is particularly true of resort cities such as Atlantic City. All lines of business benefit by Elks' conventions.

## HOME FOR THE AGED

The Elks have a national home for aged and indigent Elks at Bedford, Pa. Provisions are made for more than 500 superannuated members and an addition to the home is now under way.

ONE SMOKER TELLS ANOTHER:

## "GET A LIFT WITH A CAMEL!"

MARSHALL WAYNE, Olympic platform diving champion, speaks decidedly for Camels. "After a strenuous competition I get a 'lift' with a Camel," he says. "And Camels sure help my digestion to hum along too."

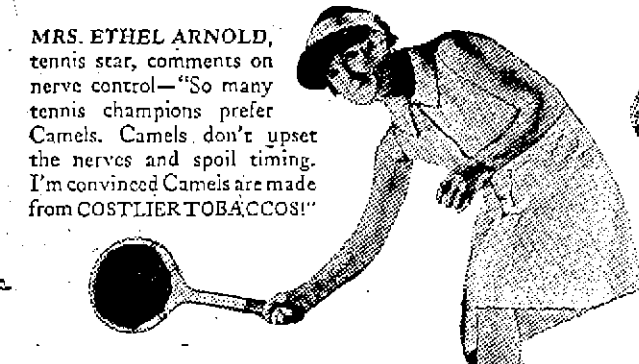

AQUAPLANING IS FUN but it's exhausting too. That's one reason why Gloria Wheeden says: "When I feel d-a-g-g-y, a Camel gives me energy a swell 'lift.' And Camels are mild, delicate, yet full-flavored."

"IT'S CAMELS FOR ME!" declares Jane Fauntz Manske, whose brilliant diving has brought her national fame. She adds: "After a diving exhibition when I feel exhausted, I welcome the 'lift' in energy I get with a Camel. Camels give me a swell sense of well-being—especially during and after meals. ## NEW CASTLE ELKS ORGANIZED IN 1887

(Continued From Page Five)

liam Myers, of Philadelphia, and 60 Elks from Youngstown and 15 from Pittsburgh, officiating at the institution ceremonies.

After meeting in different halls for several years the local lodge-men decided to secure a permanent home and acquired the David Jameson property, corner North Mill and Falls street, in 1907, paying \$20,000 for the site.

A building committee was appointed in 1913 and the cornerstone was laid with impressive ceremonies in 1914. The building of the home required two years and it was officially dedicated on July 19, 1916. The old house on the rear of the lot was destroyed by fire in 1917.

Today there are more than 500 active members of the lodge and their home is regarded as one of the centers of civic activities in the city.

Three charter members are still living. They are: John T. Horner, A. Sannie Russell and Samuel S. Hamilton.

### Lodge Always Active

New Castle lodge took active part in the institution of lodges at Ellwood City, Franklin and Grove City.

February 22, 1922, a class of 105 candidates was initiated by New Castle lodge in honor of Grand Exalted Ruler Charles H. Grakelow.

Abe Levine was exalted ruler of New Castle lodge at the time.

The first round-up of the north-west district association was held in New Castle with Grand Exalted Ruler Larry Rupp in charge.

Harry C. Harris, the present exalted ruler of New Castle lodge, is carrying on the fine work of Elksdom in this city. His being official host to the present state convention is the crowning achievement of his administration.

The cardinal principle of the Elks is charity and New Castle stands high in this regard. Last year more than \$5,000 was expended on charitable work with little or no fanfare in its distribution. Many needy families and worthy indigent cases have been aided by the Elks without the recipient knowing the identity of the benefactor.

Each Christmas a kiddies' treat is given by the lodge and baskets distributed to needy families.

On Mother's Day the Elks send flowers to mothers in all the hospitals as well as to the mothers at the Almshouse.

New Castle may well be proud of its Elks. The bringing of the state convention here is testimony of the high regard with which they are held in the state and nation particularly in the ranks of their brother Elks.

### LOANS TO VETERANS

The Elks were the first to sponsor vocational training for disabled soldiers after the World War. Forty thousand loans were made to disabled veterans and nearly every dollar was repaid.

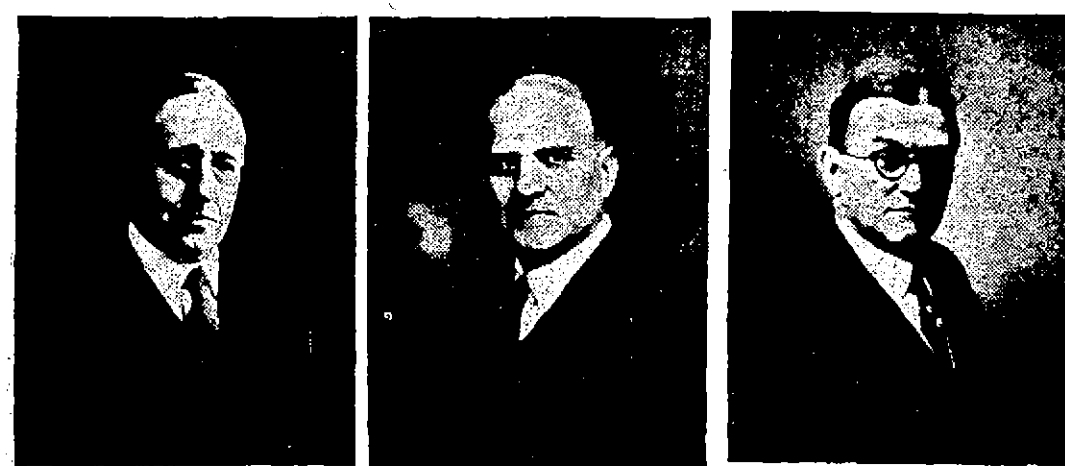

**NATIONAL WAR MEMORIAL**

The Elks have a national memorial in Chicago erected in honor of the 70,000 Elks who served their country during the World War. More than 1,000 Elk doughboys paid the supreme sacrifice in France.

**HOSPITALS IN FRANCE**

The Benevolent and Protective Order of Elks established two base hospitals in France during the World War. These were the first hospitals built in the front lines.

## Sales Crusaders Will War On 'White Space'

Editor's Note: This is the sixth of a series of articles outlining the National Salesman's Crusade, opening here Monday, August 23.

**MILLIONS OF OUR FAMILIES STILL HAVE THE ABILITY TO BUY. IT IS THE SALESMAN'S TASK TO FIND AND SELL THOSE BUYERS.**

Not long ago a sales manager, during a speech to his distributors, brought to the stage a chart on which had been painted four black dots. The chart was concealed by a cover.

"In a moment," he said, "I am going to remove this cover. When I do I want you to shout out good and loud exactly what you see. Don't wait—don't stop to talk it over with your neighbor. Just yell!"

He threw back the cover. Instantly there came a chorus of shouts from the audience: "Four spots! Four dots! Four black spots!"

"Exactly," said the sales manager. "But there is something else on this chart: There's a lot of white space surrounding the black spots. And not one of you mentioned it. Now suppose we name these spots 'Sales Resistance,' or 'Indecision,' or 'Doubt,' or 'Fear,' or anything you please—things that in your opinion are holding business back. The fact remains that the white space is a lot bigger than all the dots put together."

The sponsors of the National Salesman's Crusade are concentrating on the "white space." They recognize that, with the vast majority of our citizens, there still

exists the ability to buy. Though millions are unemployed, many more millions are at work.

The first step in the reabsorption of the unemployed by industry and agriculture must of necessity be the sale in increased quantities of our farm and factory products to those who are now at work. This makes way for new production that means new purchasing power. With the restoration of buying power to those now unemployed, there is set in motion a cycle of increased demand for, and consumption of, the products of human effort.

## Thirty-Two New Castles Are Found In World

By ARTHUR C. WIMER  
(Special Washington Correspondent, New Castle News)

WASHINGTON, D. C., Aug. 22.—There are 32 cities by the name of "New Castle" or "Newcastle" scattered throughout the world from Africa to Wyoming. Some are spelled as two words, others as one. The two word spelling predominates.

Strangely enough the bulk of the cities by this name are outside the United States. Fifteen of the 32 are in this country. Seventeen are in foreign lands.

Of those in other nations, six are in England, Ireland and Canada each have four. Australia has two

and Africa has one. The 15 in the United States are in Alabama, California, Colorado, Delaware, Indiana, Kentucky, Maine, Nebraska, New Hampshire, Oklahoma, Pennsylvania, Texas, Utah, Virginia and Wyoming.

This world-wide list is taken from the International Directory of the Universal Postal Union received at the Post Office Department here. The directory is published at Bern, Switzerland, by the Universal Postal Union to which the postal departments of all nations belong. The Union was established in 1874 and has been called the "original league of nations."

Mrs. George McKinney and family of Bradford have returned to their home after attending the annual reunion of the Davidson family on Wednesday. Miss Fay Davidson accompanied them for a few days.

The campers that spent the last week at Rambler's Rest, near Harlansburg, and have concluded their stay and returned to their homes are: Bernice Benson, Freda Benson, June Rowe, Jessie Carr, Virginia Carr, Doris Carr, Willard Olson, Chester Rowe and Harrison Kennedy.

## The Human Side Of The News

By EDWIN C. HILL  
(Continued From Page Four)

ing trees and along its wide streets. And the rambling surreys, with raveled fringes, which still roam for hire along those historic streets, fitly recall the quaint old picture familiar to those who knew Saratoga in its golden days.

There was no race course then, but there were many private races on the track, sandy roads, with the early American aristocrats driving their own fast pacers and trotters to high-wheel sulkies. Gambling was conducted sub rosa, but flourished greatly, and our great-grandmothers were no less sporting than their great-granddaughters of today. Everybody was up with the sun, except many of the men who never went to bed at all.

Joseph Bonaparte, brother of the great Napoleon, lived there during part of his exile. Mme. Jumel, who was to marry Aaron Burr after innumerable amours, made her appearance at Saratoga in those quaint old days. Bouge and gorgeously gowned, she drove up and down Broadway every day, bowing right and left, although she knew not a soul in the place. A noted dressmaker dressed himself to imitate her costume and followed her in a carriage, grinning to the crowds and aping her bows, and this incident so angered Mme. Jumel that she left the Springs, much to the relief of the society matrons.

The railroad came in the middle of the century, along with the German cotton gin, the polka, and the redwood. Society danced all night to orchestras imported from New York.

Thackeray and Charles Dickens visited the Springs and Washington Irving was fond of the place. William H. Vanderbilt and his fine trotting horses were often seen. Open gambling came in with John Morrissey, one-time champion heavy-weight and ex-member of Congress, and it was Morrissey who established the race course in 1864.

Then came the Wetseys and the Vanderbilts and the Goetts, and the real days of golden glory for Saratoga, and Richard Canfield, probably the greatest gambler the world has ever known. But Saratoga goes on and, by official action of the State of New York, is one of the greatest of the world's medical centers.

During the meeting, John McFarland from Warren, O., made the motion that a vote of thanks be extended to the table committee and their helpers, as evidence of sincere appreciation of their service.

A letter from Miss Lucy Glass, once a teacher of McFarland school but now of Harrisburg, was read by Miss Isabelle Hunt. It was quite interesting to know that there were twenty-two of her pupils present at the home-coming. William H. Stoner made a motion that a letter be sent to Miss Glass expressing the thanks of her boys and girls for the interest she has taken in them and that a list of the names of her pupils, who were present at this Home-coming, be included in the letter.

Deaths reported during the year were Joseph Stoner of Scott township and Miss Emma Waddington McNeen, of New Castle.

At the close of the business meeting, the group sang, "Perfect Day" and "Till We Meet Again."

Quite a number attending came from a distance: Slippery Rock, Warren, O., Ashtabula, Chicago, Pittsburgh, Franklin, Youngstown, Ellwood City and Hillsville.

The home-coming date and place was not changed—the third Saturday in August, at the hall.

From early until late in the afternoon, this happy group enjoyed fellowship and a program of sports. The weather was delightful for such an occasion and all declared they had a wonderful time.

## Charge Is Quashed Against R. K. Akers

Sentences Passed At Session Of Court Held By Judges Braham and Dickey

Information made by John H. Bishop of the State Health Department, against R. K. Akers, being charged with violation of the medical act, was quashed by Judges W. Walter Braham and Thomas W. Dickey at a short session of motion court held this morning.

It was claimed that Akers, who runs a bath establishment, was giving advice and medical treatment. This he denied. In arguments made before the court this morning the information was termed vague and indefinite.

Ernest Pokersnik, charged with violating his parole from Morgantown, where he had been sent following a larceny charge, was re-committed to Morgantown with the admonition that if he does not conduct himself properly he will be sent to Huntington.

Albert Hinebaugh, who entered a plea on a morality charge, was sentenced to pay \$2 per week for the support of a mother and child, after he completes a term in the workhouse to which he had previously been sentenced.

Rudy Glanich, who had been sentenced six months to the workhouse on a "numbers" charge, to be released in 40 days upon the payment of a \$30 fine and costs, paid the fine and costs and was released.

In the numbers cases heard recently in which it was asked that money seized be forfeited to the county of Lawrence, the amount of \$64.91 found in possession of Harry Labazo was declared forfeited.

In the Amos Augustine case, \$88 was returned to him, and in the John Oblics case, \$45 was given back. It was found that the money which had been his personal funds, and did not belong to the "numbers" treasury.

## McFarland School Eleventh Reunion

Hundred Seventy-Five Attend "Home Coming" At Liberty Grange Hall

School day incidents and old time memories were revived once more when approximately one hundred seventy five teachers, pupils and their families gathered at the Liberty Grange Hall, Saturday, August 20, to celebrate the eleventh annual home coming of McFarland school.

After singing the doxology and W. H. Stoner leading in prayer, the group sat down to a delicious dinner.

Preceding the business meeting S. A. Eakin, with Mrs. Eakin at the piano, led the singing of "When You and I Were Young Maggie," "Long Ago," and "Silver Threads Among the Gold."

J. O. Cameron, the president was in charge of the short business meeting. In the election of officers, Howard White made the motion for the coming year.

President—J. O. Cameron. Vice Pres.—W. A. Eakin. Secretary—Grace Eakin. Assistant Secretary—Robert Stoner. Treasurer—Robert Stoner.

Also the same table committee be in charge.

During the meeting, John McFarland from Warren, O., made the motion that a vote of thanks be extended to the table committee and their helpers, as evidence of sincere appreciation of their service.

A letter from Miss Lucy Glass, once a teacher of McFarland school but now of Harrisburg, was read by Miss Isabelle Hunt. It was quite interesting to know that there were twenty-two of her pupils present at the home-coming. William H. Stoner made a motion that a letter be sent to Miss Glass expressing the thanks of her boys and girls for the interest she has taken in them and that a list of the names of her pupils, who were present at this Home-coming, be included in the letter.

Deaths reported during the year were Joseph Stoner of Scott township and Miss Emma Waddington McNeen, of New Castle.

At the close of the business meeting, the group sang, "Perfect Day" and "Till We Meet Again."

Quite a number attending came from a distance: Slippery Rock, Warren, O., Ashtabula, Chicago, Pittsburgh, Franklin, Youngstown, Ellwood City and Hillsville.

The home-coming date and place was not changed—the third Saturday in August, at the hall.

From early until late in the afternoon, this happy group enjoyed fellowship and a program of sports. The weather was delightful for such an occasion and all declared they had a wonderful time.

Johnnie Morris, Jr., nationally known midwest radio celebrity, will appear in the Elk's parade here on Thursday.

"Johnnie" is about 28, weighs 52 pounds and is 43 inches in height. "Johnnie" will ride in a specially designed automobile built in accordance to his size.

During his stay here, the diminutive figure will make a personal appearance in New Castle stores.

## News Briefs In Ward Area

According to Peter F. Cardella, in charge of the new South Liberty street playground, a new sliding board has been added to the fine equipment already at the site. Purchase of additional equipment has been planned soon according to Cardella.

Motorists of the Seventh ward see the need for some type of traffic control system at the intersection of East Clayton and Cedar streets, and at the intersection of Clayton street and North Liberty street.

A suggestion regarding the condition of West Wabash avenue comes from a resident of that street. It is suggested that instead of putting more ashes on the street to make the surface again smooth, that the city scraper be put to work and remove a few of the many layers of ashes now on the street.

Sparkling red is one of the huge lumber storing buildings of the local box factory on North Cedar street. The building was recently given a bright coat of red paint. Red seems to be a popular color for buildings in the Seventh ward.

While thinking of winter coming within a few short months, motorists will be glad to learn that the city is already prepared for ice and snow. On North Cedar street, near the electrical sub-station is a huge ash mountain, awaiting icy streets to be used. These ashes are being hauled to the stack by city trucks during the summer months.

Cleaners have been busy in the Mahoning Junior High school making preparations for the opening of the term on September 7. All of the windows were opened on Friday and Saturday to give the building a chance to air out, after being closed for several months.

## RESUME PROBE OF COMMUNISTS

Congressional Committee To Investigate Alleged "Front Organizations"

(International News Service)

WASHINGTON, Aug. 22.—In the face of vigorous attacks as a "red baiting" body, the Dies house un-American activities committee today planned to dig deep into the activities of the score of more alleged Communist front organizations in the United States.

Chairman Martin Dies (D) of Texas, laid down as a committee policy "let the chips fall where they may". He emphatically denied that the committee seeks to persecute any group of individuals, and reiterated an invitation to everyone named in the inquiry to appear and defend himself.

Prof. J. B. Matthews, former prominent "front organization leader", furnished a special police guard by the committee because of threats against his life. He was to resume his "inside story" of the new united front program of the communist party.

The committee also expected to receive testimony upon communist penetration of universities and colleges. It tentatively planned to suspend hearings here Tuesday or Wednesday and move to another city, probably New York. A report from investigators was awaited before a final decision will be made, Dies said.

## State Relief Rolls Higher

(International News Service) HARRISBURG Aug. 22.—Continued unfavorable business pushed Pennsylvania's relief rolls to their highest point in 6 months during second week in August, it was announced today.

On August 13 there were 200,385 persons, representing 652,301 persons, receiving direct relief, an increase of 2,639 cases representing 8,304 persons, over the previous week.

It was the first time since mid-February that the relief case load has raised the 200,000 figure.

Continued unfavorable business, too great for the WPA to absorb, was the reason for the increase, the state department of public assistance reported. It was the third straight week increases were recorded.

# Much Wanted Pair Easily Captured By Officers In Texas

## Hamilton And Walters Jailed

Crime Career Of Past Three Months Is Brought To Close

PRISONERS BROKE JAIL 3 MONTHS AGO

(International News Service)  
DALLAS, Tex., Aug. 22.—A half dozen states today latched to get their hands on Floyd Hamilton and Theron "Huron Ted" Walters who went north as a couple of bad men and came back home like tramps.

Ragged, dirty and just about broke the pair fell into the hands of police early yesterday after a three-month career in outlawry throughout most of the Mississippi valley. Neither was armed. And all the fight had been taken out of them by the constant pursuit of G-men from whom they managed to escape only a short time before.

Collared Like "Punks". Both had boasted they would carry on the bloody tradition of the Barrows-Parker gang of which Floyd's brother, Ray, had been a member. But in the end they were collared like "the couple of punks" local police held them to be.

Walters was snatched up as he was trudging along the road. They found Hamilton in the railroad yards trying to beat his way out of town on a freight train.

They had \$11.24 between them to show for the dozens of auto thefts and robberies which officers said they admitted. Walters still had a partly healed bullet wound in his knee. Hamilton limped with a buckshot in his ankle.

The latter was wounded shortly before when he broke out of the G-man trap at the apartment of Walters' cousin.

The agents had rightly believed the two would go there after being driven out of a Negro's shack along the river bank.

Escaped By Ruse. Walters later told city police he had escaped the trap by a ruse. He had come in first, he said, and realized his danger at once upon being confronted with the agents in the unoccupied apartment. He said he posed as his cousin, Elmer Wall, until Hamilton appeared.

The second desperado was recognized and fled but was caught in the leg with a pellet from the hurriedly aimed shotgun charge fired by one of the G-men. Walters said he escaped in the confusion.

The agents refused to comment on his story under orders but it was believed they had been holding him as bait for Hamilton and that the account of the agents' credulity was for the benefit of his local captors.

Three Months' Career. Both ex-convicts, Hamilton and Walters began their criming odyssey three months ago when they broke out of jail at Montague, Texas, while awaiting trial for auto theft.

They cut a zig-zag course northward, being identified as the robbers of a bank in Bradley, Ark., on June 7 in which they took \$685, and of various filling stations and stores in Arkansas, Missouri and Iowa, and Illinois. Turning back after a gun battle with state police in which their two "molls" were captured, they were sighted in Arkansas again in the robbery of a bottling plant at Nashville. Nearby they fought a gun battle with federal agents but were lost across the Oklahoma state boundary in a thicket of woods.

Approximately 3,000 persons attended the WPA Workers' outing at Cascade Park Saturday.

## State Educating Handicapped Ones

Special Classes Have Been Established In Many School Districts of State

The school districts of Pennsylvania have established 822 special classes for the education of handicapped children, according to Dr. Lester K. Ade, superintendent of public instruction. These classes are provided to accommodate the special needs of children who are mentally retarded, partially blind, lacking in physical vigor, defective in hearing, and having unusual language difficulties.

Pennsylvania pays more than \$750,000 per year for the education of its physically handicapped children. This includes the payment to the residential schools, the higher education, and the blind babies fund, the \$28,000 for the audiometric program which should lead to improved adjustments to the needs of those with hearing defects, and \$200 for each of its 177 approved special classes for the physically handicapped. This does not include the money spent by the local school districts for the education of such children. Neither are state-aid in transportation costs included in this total. If the program of county supervisors of special education goes through, and when services begin to utilize the provision concerning transportation costs for handicapped children, this amount will probably be increased by about \$75,000.

Have You Read?

"Youth at the Wheel," by John J. Floherty; "Safe Driving," by Joseph R. Hamilton and Louise L. Thurstone; "Man and the Motor Car," by Albert W. Whitney; "Safety First and Last," by Charles E. Dull.

This little group of books has one object in common, namely the practice of habits of safety, particularly in the field of automobile driving. The average citizen reads of accidents and if he appears callous to them, perhaps it is because they seem so remote, or perhaps so common that they fail to attract his attention.

The books present problems which drivers, young and old, will have to face, and aims to teach them how to avoid these accidents. The books do not aim to make drivers timorous but to point out the dangers of carelessness, of drinking and driving, of high speeds, and of failure in courtesy and consideration. They attempt to make persons safety-conscious. It is believed that we can do something to reduce the toll of serious and fatal accidents. Ask the library for these books.

## Special Paper Printed On Silk To Honor Elks

A daily newspaper printed on silk—dedicated to the Elks! One appeared out in Oregon City, Ore., March 4, 1910, and today the proud owner of one of the attractive copies—Dr. A. W. Shewman of this city—displayed them for the first time.

It was the Oregon City Courier that turned out such a paper. Dr. Shewman's father, W. A. Shewman, Jr., was its owner and publisher. In two colors—the reading type in black and the accompanying illustrations in blue—the newspaper was celebrating Elks' day in Oregon City.

Prominent in the center of the six-column front page was a photo of Charles A. S. Vivian, who first instituted the "Jolly Corks," which later became the Elks.

The paper is on exhibition in a downtown window today.

"High Flying in Portland" read the two-column headline over a story on the page announcing "a big aviation meet" in that city.

That story—back in 1910—announced that the meet will furnish "people of this part of the country the first chance to see this actual marvel." Airplanes still were but a short ways from the miracle stage at that time!

### Nobils Take Two From Radiators, To Enter Finals

Nobils Score Big City-County Tourney Upset Sunday, Score 6-4, 8-6

Roger Maggie And Kendra Winning Hurlers, Crowd Close To 4,000 At Games

Gaston park was the mecca for about 4,000 softball fans Sunday and they were treated to the biggest upset in the history of local softball when the Radiators, city-county softball tourney favorites, were read right out of the picture by the Nobils in two straight games 6 to 4 and 8 to 6. The Nobils will play the N. Y. A. team Tuesday for the tourney championship, according to Commissioner Franklin R. Crisci.

The Radiators were stunned by the fierceness of the Nobils' attack. The Rad hurling aces, Greg Ross, Kessig and Pasarella could not halt the Noble bats.

Nobils Take Lead.

In the first game the Nobils hit Ross hard for nine bingles with the Rads having a hard time to solve the tricky delivery of Roger Maggie. The Nobils took a lead of 5 to 1 going into the first of the fourth and held it to the finish. The Rads staged a short-lived rally in the first of the ninth for three runs, but they fell short. Maggie has turned in three straight tourney games.

The hitting stars of the Nobils in the first game were Ted Turco with a homer and single, Sammy Cople and Jackie Jones with triples and Tony Nocera with a pair of hits. No man on the Rad team had more than one hit off Maggie. Sammy Bullano was injured sliding into the plate.

Eugene Kendra Is Star.

The Nobils came out for the second game full of confidence and started Sammy Pezzone on the hill, but the always good Pezzone lasted about as long as an ice cream cone in the sun and Eugene "Gabby" Kendra was rushed in. The Rads got four in the first inning and Pezzone came out. Hilton busted a homer with the bags loaded and that was all for the genial Sammy. Kendra went in and allowed but two runs and four hits in the next eight frames. He also had two hits and two runs.

Jones Fielding Star.

Jackie Jones was the fielding star for the Nobils, cutting off many Radiator runs by spectacular catches of hard hit balls. Frank Cople also pulled a pretty fielding play in the ninth to save the game. Nickie Ross, Fornataro and Hilton had two hits apiece for the Rads.

The fans went wild in the eighth and ninth when the Nobils took the lead at 8 to 6. This was the first time that any team has ever beaten the Rads two in a row.

Commissioner Franklin Crisci and Fred Macarella had charge of the game, and it was run off in fine fashion. Mr. Crisci donated four new balls for the two semi-final games.

Carl Hubbell Is Under Knife

Hope Operation Will Save Ailing Arm Of Giants Star Hurler

(International News Service)

MEMPHIS, Tenn., Aug. 22.—An operation was scheduled today to save the ailing pitching arm of Carl Hubbell, the New York Giant's great left hander.

Dr. J. Spencer Speed, Memphis bone specialist, decided against any further delay after diagnosing "King Carl's" trouble as a loose bone fragment behind the elbow.

Refusing to predict the success of the operation, Dr. Speed said there was a faint possibility that Hubbell would be able to pitch again before the end of the season. He will need five days of recuperation in the hospital and several weeks of training to get back in shape, the doctor said.

There was no reason to assume, the surgeon said, that the operation will mean an end to Hubbell's pitching days.

Amateur golfers of the nation teed off at Cleveland today for the 18-hole trials preceding match play on Wednesday in the annual public links tournament of the U. S. G. A.

Edenburgh Tops New Bedford

The Edenburgh team topped the New Bedford baseball team at the Edenburgh field by the score of 3 to 2 with Leeper the winning pitcher and Lucas the losing heaver. D. Biddle and Gruenwald did the heaviest hitting.

Besemer Wins Second Game

Among the Elks expected here this week will be Larry Gent of Franklin. For years Larry was connected with the Franklin baseball team when Oil City and Franklin had their own league. Gent was also a deputy commissioner of boxing and had charge of many battles at the Jolly Bowl.

Harry Dinges, former star of Altoona and Catawba college football, has been named coach at Bellwood, Pa. high school. He succeeds Willard Bland, who resigned to teach in Arkansas.

Besemer defeated Wampum 4 to 3 in Besemer on Saturday and Besemer is now two up on Wampum in the series for the Lawrence County Baseball league title. The third of the five-game series will be played Wednesday at Wampum. Hardesty did not allow Wampum a hit until the sixth inning. Wampum pitched Harper, Brakovich and Ippolito. Besemer used Hardesty and W. Puromaki. Wampum made five errors and Besemer two.

Besemer was first to score, three of their runs coming in the third. Nord went out, short to first, and T. Puromaki singled through short. Hardesty was given a life on Butchelli's poor throw and the runners advanced on a passed ball. Gorenz's single scored both runners but he was thrown out trying to reach second. Vlah walked and scored on Steamer Stanley's triple to right. W. Stanley was out on a fly to center.

Wampum broke into the scoring column in the eighth. They got a break when DeMark was hit with a pitched ball and when W. Stanley, trying for a force out at second, threw the ball into right field. DeMark went to third and Leopardo to second. DeMark scored on Butchelli's fly to center field.

Marshall opened the ninth for Wampum with a hard single to right and Julius singled through Valentine to center field. Marshall scored and Julius went to third. Manager Jim Martin lifted Hardesty from the box and brought W. Puromaki from left field to the mound. Scala batted for Leopardo and was an easy out at short. Porter hit for Brakovich and fled to Valentine in right, scoring Julius with the tying run. DeMark walked then stole second. Leopardo fanned, ending the inning.

Besemer Wins.

Besemer was retired quickly in their half of the ninth and Butchelli, first up for Wampum in the tenth, drew a walk. Fontana fled out to short and Butchelli's single scored. N. Scala singled through short and Butchelli was out trying to score from second. Gorenz to Vlah. Julius fouled to Vlah.

Harvestine, first up for Besemer in the tenth, singled, and Gorenz hit into a double play, Scala to DeMark to Marshall. Vlah got two bases when Butchelli threw his easy relay away and scored on Steamer Stanley's drive that would have been a triple if Vlah had not scored the winning run.

Hardesty held Wampum hitless until the sixth and permitted only three up to the end of the eighth. When the excessive heat made it impossible for him to finish the game he was yanked. Wampum got only one earned run from his delivery and that came in the ninth. Harper also suffered from the heat and that was the principal reason why Manager Gainer removed him. Besemer had scored three runs off him but none of them were earned. He allowed six hits in six frames. Brakovich allowed one hit in two innings and Ippolito allowed two in his two innings.

Besemer Wins Second Game

Among the Elks expected here this week will be Larry Gent of Franklin. For years Larry was connected with the Franklin baseball team when Oil City and Franklin had their own league. Gent was also a deputy commissioner of boxing and had charge of many battles at the Jolly Bowl.

Harry Dinges, former star of Altoona and Catawba college football, has been named coach at Bellwood, Pa. high school. He succeeds Willard Bland, who resigned to teach in Arkansas.

Besemer defeated Wampum 4 to 3 in Besemer on Saturday and Besemer is now two up on Wampum in the series for the Lawrence County Baseball league title. The third of the five-game series will be played Wednesday at Wampum. Hardesty did not allow Wampum a hit until the sixth inning. Wampum pitched Harper, Brakovich and Ippolito. Besemer used Hardesty and W. Puromaki. Wampum made five errors and Besemer two.

Besemer was first to score, three of their runs coming in the third. Nord went out, short to first, and T. Puromaki singled through short. Hardesty was given a life on Butchelli's poor throw and the runners advanced on a passed ball. Gorenz's single scored both runners but he was thrown out trying to reach second. Vlah walked and scored on Steamer Stanley's triple to right. W. Stanley was out on a fly to center.

Wampum broke into the scoring column in the eighth. They got a break when DeMark was hit with a pitched ball and when W. Stanley, trying for a force out at second, threw the ball into right field. DeMark went to third and Leopardo to second. DeMark scored on Butchelli's fly to center field.

Marshall opened the ninth for Wampum with a hard single to right and Julius singled through Valentine to center field. Marshall scored and Julius went to third. Manager Jim Martin lifted Hardesty from the box and brought W. Puromaki from left field to the mound. Scala batted for Leopardo and was an easy out at short. Porter hit for Brakovich and fled to Valentine in right, scoring Julius with the tying run. DeMark walked then stole second. Leopardo fanned, ending the inning.

Besemer Wins.

Besemer was retired quickly in their half of the ninth and Butchelli, first up for Wampum in the tenth, drew a walk. Fontana fled out to short and Butchelli's single scored. N. Scala singled through short and Butchelli was out trying to score from second. Gorenz to Vlah. Julius fouled to Vlah.

Harvestine, first up for Besemer in the tenth, singled, and Gorenz hit into a double play, Scala to DeMark to Marshall. Vlah got two bases when Butchelli threw his easy relay away and scored on Steamer Stanley's drive that would have been a triple if Vlah had not scored the winning run.

Hardesty held Wampum hitless until the sixth and permitted only three up to the end of the eighth. When the excessive heat made it impossible for him to finish the game he was yanked. Wampum got only one earned run from his delivery and that came in the ninth. Harper also suffered from the heat and that was the principal reason why Manager Gainer removed him. Besemer had scored three runs off him but none of them were earned. He allowed six hits in six frames. Brakovich allowed one hit in two innings and Ippolito allowed two in his two innings.

## Pirates Lose Two To Cubs

Lead Is Shaved Half-Game.  
Giants Lose To Phils,  
Reds Lose Two

YANKS WIN TWO,  
INCREASE LEAD

By ANTHONY J. PUGLIESE  
International News Service Sports  
Writer

NEW YORK, Aug. 22.—While the Yankees romp as they please toward their third straight American league pennant, the Pirates, who seem destined to capture the senior league's bunting, today appear to be a tired ball club.

Touched by the major league sore arm plague, the Pirates have found the going tough without the mound services of Bob Klinger, the young right-hander who paced their surge to the top of the pack.

So strange is the 1938 National league chase, the Pirates probably will win their first flag since 1927 simply because the other contenders can't stop losing games.

Even with a double defeat by the Cubs yesterday, the Pirates' lead was shaved only a half game as the second place Giants stumbled again before the Phillies.

Giants Lose  
The Cubs cut the Pirates' advantage to five games—seven on the losing side—by taking a twin bill 6 to 4 and 6 to 1. Bill Lee scored his 15th win in the opener, and Tex Carleton held the Cubs to seven hits in the nightcap.

Max Butcher held the Giants to nine hits as the Phillies tagged Cliff Melton, Johnny Wittig and Dick Coffman for 13 to win 8 to 3 and make it two out of three Philly wins for the series.

Brooklyn and Boston shared honors in a double-header, the Dodgers winning the opener 6 to 0 behind Fred Fitzsimmons and the Bees taking the nightcap 4 to 0 in a 15-hit assault. Ernie Koy homered in the first game.

Reds Lose  
The Cubs went into a third place tie with Cincinnati as the Reds dropped two to the Cardinals, 7 to 6 in 11 innings and 3 to 0. Terry Moore and Johnny Mize homered for the Cards and Ival Goodman hit No. 28 for the Reds in the opener. Bill McGee shutout the Reds with three hits in the nightcap.

Home runs by Jake Powell, Charley Ruffing and Jeff Dillmaggio and steady hurling by Ledy Gomez and Ruffing gave the Yankees a double win—8 to 4 and 8 to 1—over the Athletics. Ruffing allowed five hits in winning his 17th game.

Indians Lose Ground  
The Indians fell 11 games behind the Yankees by splitting with the White Sox. Despite Hal Trosky's homer, the Tribe dropped the opener, 4 to 3, but came back with two runs in the last of the ninth to top the nightcap, 3 to 2. Rollie Kemsley homered in the second game.

Paced by Harold Cliff's 23rd and 24th home runs, Buck Newsum pitched his 15th victory as the Browns beat the Tigers, 9 to 4. Hank Greenberg came through with his 42nd homer.

The Senators took the opener of a twin bill from the Red Sox, 5 to 4, on Pete Appleton's pitching, but dropped the nightcap, 7 to 2, as Bobby Doerr and Joe Cronin hit for the circuit. Zeke Bonura also homered in the second contest.

# News And Views From Pennsylvania Capital

(International News Service)  
HARRISBURG, Aug. 22.—All political signs today pointed to Pennsylvania's becoming one of the major testing grounds of New Deal popularity in the nation this fall with national figures headed by President Roosevelt campaigning pro and con.

The one big national issue of the state campaign and one that will focus national attention upon the Keystone state is that of the New Deal. Judge Arthur H. James and U. S. Senator James J. Davis, Republican candidates for governor and senator respectively, served notice at the Young Republican state convention at Harrisburg that they were prepared to make an issue... and the Democrats are known to be eager to accept it.

It was reported Sen. Alben Barkley of Kentucky, Democratic majority leader in the senate, would add his voice to that of President Roosevelt during the fall campaign, with other prominent Democrats also in the field with their aid.

On the Republican side it was reported several outside speakers of national prominence would aid the GOP cause in Pennsylvania. Republican National Chairman John D. M. Hamilton would be one of them, it was said. Also Hamilton Fish, Republican minority leader in the house.

The Young Republican convention was marked by considerable enthusiasm and was regarded in GOP circles as the "curtain raiser" to the

party's fall campaign. Considerable mirth was occasioned during one of its sessions when State Chairman Frank C. Hittor, in introducing National Committeeman G. Mason Oviatt, referred to the state senator from Toga as "national committee-woman".

A sidelight on the Young Republican convention: Senator Davis, unable to appear as planned at the dinner tendered in honor of Judge James, put in his appearance the next day at the closing session of the convention, prepared to deliver an address. He entered the convention hall to find himself in the midst of a hot debate over the adoption of an organization emblem.

The debate and the heat proved too much for the senator and he proceeded to walk out on the convention. A delegation of Young Republicans followed him to his hotel room and induced him to return to the convention hall, where he was received with applause. But he could not be induced to deliver his prepared speech and it was instead given out to the press as an interview.
